

Nematool Data Act Statement of the Data Holder

1. Definitions:

Unless defined otherwise below the terms have the meaning as specified in the Data Act:

Data Holder: Bayer CropScience Schweiz AG, Peter Merian-Str. 84, 4052 Basel, Switzerland

Connected Products ("Products"): Nematool sensors

Data: Product data generated from September 12, 2025

Affiliates: All companies of the Bayer Group; an Affiliate means any entity that, directly or indirectly, through one or more intermediaries, controls, is controlled by, or is under common control with the Data Holder.

2. Type, format and estimated volume of Data which the Products are capable of generating:

Device data

Sensor-On/Off status	Boolean	Data capture on On/Off action triggered action
----------------------	---------	--

Sensor-Battery status	Float	Hourly
-----------------------	-------	--------

Sensor-Network status	Float	Hourly
-----------------------	-------	--------

Sensor-Temperature	Float	Hourly
--------------------	-------	--------

The Products push the Data on a daily basis to a remote server.

Rough estimation on the size of the export for a whole year of Data will be one data point per hour for the different sensors with an estimated size not bigger than 5MB per sensor.

3. The Products are not capable of generating Data continuously and in real-time.

4. The Products are capable of storing Data on a remote server. Intended duration of retention: One year after generation of the Data.
5. Users can trigger the Data export within the Nematool App. Furthermore Users may contact the customer support via email and the Data will be sent to the required recipient.
